# VIRTUAL TECH TALK ALERT!

Join 8th Light and The Weirich Institute of Software on Wednesday, Dec 13th as they discuss...

WEB SECURITY 100

Because we aren't even at 101 yet.

In this workshop we'll learn a bit about web security. We'll cover the OWASP top 10, and practice removing security problems from an actual NodeJS application. Don't be the next news item, take the skills from this workshop right back to your day job, and be a hero!

WHEN: Wednesday, December 13th @ 7:00pm CST
